

Strategy Consultants / Internships

What we offer:

- Top level strategy consulting
- Consulting projects in Europe and USA
- Focus exclusively on life sciences:
pharma, biotech, medtech and diagnostics

Who we are looking for:

- Graduates/young professionals of biology, medicine or related sciences with excellent academic achievements
- Willingness to learn and work in an international environment
- Willingness to travel and work in the US or other countries on a project basis
- Fluency in English is a prerequisite

About Novumed:

Novumed is an independent consulting firm for the life science industry. With offices in San Francisco and Munich Novumed is one of the largest specialized health care consulting firms with clear focus on pharma / biotech and medtech / diagnostics. Our experienced management consultants serve life science companies helping them to make regulatory and strategic decisions in innovations management, to develop market strategies, and to develop and test portfolio strategies.
